

**Contract type:** Permanent

### Working at Mary's Meals International:

Our mission, vision, and values are at the very heart of everything we do here at Mary's Meals and working for Mary's Meals International is so much more than a career opportunity, we offer the opportunity to support our global movement in a dynamic, flexible and inclusive environment with a real focus on personal and professional development. We believe in the innate goodness of people, respect the dignity of every human being and family life and believe in good stewardship of the resources entrusted to us. In line with our values, Mary's Meals is fully committed to a culture of safeguarding.

### Role purpose:

We're looking for an experienced Business Analyst to help us deliver best in class projects in Mary's Meals International. As a Business Analyst your role will be to act as a key interface between our technical project teams and functional units. You will be responsible for documenting and articulating problems, processes and solutions as well as producing high quality specifications for business and technical audiences using methodologies and language that can be easily understood by all.

### Key responsibilities and activities:

- Meeting with stakeholders to understand and review business objectives and project requirements.
- Analysing data to identify trends and make decisions.
- Documenting current 'As Is' using process maps and presenting back to stakeholders.
- Considering business requirements against current processes and assisting in the development and / or implementation of requirements utilising analysis techniques.
- Facilitating workshops to achieve focused outcomes and joint understanding of functional needs.
- Eliciting requirements, both functional and non-functional
- Attending project meetings.
- Formally documenting functions and processes using Microsoft Office and other tools.
- Supporting the production of project Management Information and presenting this back to stakeholders and senior management.
- Supporting user acceptance testing (UAT) by creating test cases and acceptance criteria and supporting issue/defect management.
- Working with project managers and product owners to deliver projects and programmes to plan.
- Providing support for the preparation of training materials.
- Involved in process improvements, looking for areas of improvement and making recommendations for improvement to senior stakeholders.
- Understanding the needs of end users in relation to objectives, culture and organisational structure.
- Achieve a high level of user/customer satisfaction through careful planning, creative problem solving, solid expectation management and effective relationship development.
- Contribute to organisational growth through the creation and sharing of knowledge, lessons learned, and best practices from previous project experience.

### Management of self

---

- Continue to identify opportunities for self-development including keeping knowledge up to date and relevant and develop capability.
- Lead by example, communicate effectively and accept personal responsibility

**Additional information:**

- As part of your role, you will be required to travel to countries where Mary’s Meals operates.

**Essential skills & experience required for this role:**

- 5+ years of work experience in Business Analysis with 2+ years in a related leadership role.
- Any relevant professional qualifications such as BCS Business Analysis.
- Experience of working as a Business Analyst within complex project environments.
- Experience working autonomously as a sole Business Analyst.
- Good technical understanding of Business Analysis frameworks, value cycles, business processes, business requirements and UAT methodologies.
- Excellent communication and stakeholder management skills and ability to integrate well into a team and build effective relationships.
- Ability to critically evaluate information gathered across multiple sources, reconcile variances, and recommend proposals to stakeholders.
- Proven analytical mindset with the ability to assist the development of solutions to technical problems.

**Desirable skills and experience required for this role:**

- Experience of working with CRM solutions, and Salesforce in particular
- Involvement in the planning and delivery of digital transformation projects
- Experience of using Cost Benefit Analysis to derive ROI and project priorities
- Experience of working in an Agile Methodology
- Experience of working alongside a Product Owner
- Experience of Jira or a similar Agile Framework

**Mary’s Meals 7S Leadership Competencies:**

As a leader within Mary’s Meals International, you have a responsibility to approach your role in line with our 7S competency model.

<b>Self</b>	<ul style="list-style-type: none"> <li>• I build and demonstrate resilience</li> <li>• I lead by example</li> <li>• I am authentic and true to Mary’s Meals values</li> <li>• I develop myself and set stretching goals</li> </ul>
